OBJECTIVE

Passionate and results-driven Python/Django Developer with over 2 years of experience in building scalable web applications and RESTful APIs. Adept at managing databases, front-end integration, and solving complex problems. Seeking an opportunity to contribute my technical expertise and problem-solving skills to a dynamic organization.

EDUCATION

- 2023 B.Sc. in CSE, Pabna University of Science and Technology (PUST), Pabna.
Total Credits Completed: 165 / 165 Credits. CGPA 3.05 out of 4.00
- 2015 H.S.C. Examination. Science. Armed Police Battalion Public School and College, Bogura. GPA 4.83 out of 5.00
- 2013 S.S.C. Examination. Science. Kagail Karuna Kanta High School, Gabtali, Bogura. GPA 5.00 out of 5.00

UNDERGRADUATE THESIS

Title Paddy Diseases Detection and Classification. Supervised by S.M. Hasan Sazzad Iqbal, Associate Professor, Department of CSE, PUST.

This thesis explored different analysis models for paddy disease detection and classification. We proposed a deep convolution neural network transfer learning-based method. This system can detect and classify 9 different paddy diseases and normal paddy plants.

EXPERIENCE

- Backend Developer at [Amarsoft Solutions Ltd](#) (January 2025 - Present) [Employment Certificate](#)

South Paikpara, Mirpur-1, Dhaka-1216

- Designed and developed scalable backend architectures and RESTful APIs using Django and Django REST Framework (DRF).
- Optimized database queries (MySQL/PostgreSQL) and resolved critical system bugs to improve overall application performance and reliability.

- Full Stack Developer at [Royalsoft LLC](#) (July 2023 - December 2024) [Experience Certificate](#)

House#18, Road#17, Nikunja-2, Khilket, Dhaka-1229.

- Built and integrated dynamic, responsive user interfaces (Tailwind CSS, Bootstrap) seamlessly with robust Django backend systems.
- Managed end-to-end application lifecycles, implementing secure features like payment gateways (SSLCommerz) and handling cPanel server deployments.

SKILLS

Technical Skills:

- **Backend:** Python, Django, Django REST Framework (DRF)
- **Database:** MySQL, PostgreSQL, SQLite
- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **Core Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)
- **Languages:** Python, C, C++
- **Tools & Others:** Git / GitHub, VS Code, CodeBlocks, cPanel Server
- **Problem Solving:** [CodeForces](#) 88 problem solved [LeetCode](#) 57 problem solved

Soft skills: Hard working, Teamwork, Responsibility, Management, Leadership, Motivation, Flexibility, Adaptability.

PROJECTS

01. Suhrid Srijon Foundation [Website](#)

This is a web platform for a non-political, voluntary, and humanitarian organization. It features a complete system for managing humanitarian projects, notice boards, blog posts, and dynamic event creation. Users can seamlessly apply for personal or combined programs, register complaints, and access distinct departmental pages. The platform includes a member list, an integrated blood donor database, and secure systems for managing gifts, transparent donations, and registrations.

- Features:
 - Interactive dashboards for registered members, volunteers, and the executive committee.
 - Dedicated application modules for welfare assistance and structured complaint submission.
 - Comprehensive database for local blood donation requests and volunteer network synchronization.
- Technologies Used: Django, HTML5, CSS3, Bootstrap, JavaScript, MySQL, cPanel Server, Git/GitHub.

02. Rabi Shop (E-commerce Platform) [Website](#)

This is a multi-category premium e-commerce platform designed for nationwide retail and household operations. It includes real-time order tracking, custom product requests, and a secure checkout flow. The application provides an admin interface to manage categorized products, live stocks, dynamic promotional pricing, discount badges, and customer reviews.

- Features:
 - Live inventory system tracking stock levels and handling out-of-stock items automatically.
 - SSLCommerz payment gateway readiness with Cash on Delivery (COD) functionality.
 - Advanced filtering by category along with an active helpline and customer messaging system.
- Technologies Used: Django, HTML5, CSS3, Bootstrap, JavaScript, MySQL, cPanel Server, Git/GitHub.

03. Studio 3.18 (Corporate Architecture Portfolio) [Website](#)

This is a high-end corporate portfolio website built for an architecture and interior design company. It showcases specialized services such as architectural design, showroom interior planning, and professional project management. The platform cleanly visualizes complex multimedia assets across specialized residential, commercial, and public workspace projects.

- Features:
 - Integrated multimedia modules featuring specialized photo galleries and short video streams (Studio Reels).
 - Professional team architecture showcasing leadership roles and direct client communication portals.
 - Dynamic user feedback capture via direct project message routing and dynamic consultation forms.
- Technologies Used: Django, HTML5, CSS3, Bootstrap, JavaScript, MySQL, cPanel Server, Git/GitHub.

04. University & Medical Students Association (UMSA) [Website](#)

This is a community-driven portal designed for a welfare and educational association. The system automates student membership management, official notice publishing, and communal blog posting. It features a live, searchable blood donor register for emergency distribution and an open community chat system for internal member communication.

- Features:
 - Multi-step student verification and staff approval workflows for membership security.
 - A transparent, digital exchequer tracking system to display and audit collected credits and cash logs.
 - Emergency blood bank search module to instantly map eligible regional donors.
- Technologies Used: Django, HTML5, CSS3, Bootstrap, JavaScript, MySQL, cPanel Server, Git/GitHub.

COURSES

- CSE Fundamentals Course at [Phitron](#)
- Web Development course at [Programming Hero](#)

ACHIVEMENT

- CSE Fundamentals Course at Phitron [Certificate](#)
- Programming Hero Seminar [Certificate](#)
- Entrepreneurship Development [Certificate](#)
- Spoken and Communication English [Certificate](#)

ACTIVITIES

- Project Lead Developer of the “Social Safety Net system” Gabtali Upazila administration, Bogura.
July 2023 - December 2024 (1.5 years)
- Surveyor and Data Entry at the Center for [Environmental and Geographic Information Services \(CEGIS\)](#).
April 2024 - September 2024 (6 months)
- Member of CSE Programming Club, PUST.
- Technical Volunteer at [AMAL Foundation](#) (Environmental Action initiatives).
- Former President of the United Students of Bogura, PUST [Certificate](#)
- Former General Secretary of the University and Medical Students Association (UMSA), Gabtali, Bogura [Certificate](#)

LANGUAGE

- Bangla (Native) | English (Comfortable)
- Medium of Instruction (MOI) [Certificate](#)

PERSONAL INFORMATION

Name: Md. Rabiul Islam

Gender: Male

Blood Group: O (+ve)

Father's Name: Md. Jahidul Islam

Birth Date: 30-11-1997

Permanent Address:

Police Station: Gabtali

Division: Rajshahi

Country: Bangladesh

District: Bogura

Capital: Dhaka

Nationality: Bangladeshi (By Birth)

Present Address:

Dhaka, Bangladesh.
